

## **REQUEST SCARBOROUGH SPA TO BE THE VENUE FOR THE EUROPA PLANNING DECISION**

The North Yorkshire Council Strategic Planning Committee meeting will decide the planning application soon - possibly January.

Around 1600 people have responded to the planning application so far. NYC normally uses the Town Hall for their meetings, but this has very limited public viewing and will not be a suitable venue in this case.

Burniston Parish Council have written to North Yorkshire Council requesting the Scarborough Spa on South Cliff is selected. The benefits of this is the venue can accommodate up to 2000 people safely, there is parking nearby, and there is wifi to allow NYC to broadcast the meeting as it usually does.

**If you would also prefer to see the Scarborough Spa used for this meeting, remember that your voice counts, please let North Yorkshire Council know, either via the planning portal using the planning reference NY/2025/0030/ENV or by emailing them at [planning.control@northyorks.gov.uk](mailto:planning.control@northyorks.gov.uk)**
